

Dr. Martin Luther King, Jr.

Giving hope to those who had none

The civil rights movement, led by Dr. Martin Luther King, Jr., stimulated other minority groups to seek equal civic rights and economic justice. Native Americans, long the poorest minority in the country, began to move aggressively through the courts to protect rights that had been promised to them in treaties with the United States government.

The Tribal Alliance of Sovereign Indian Nations (TASIN) will not forget the philosophy, inspiration and leadership that helped our people.
